

The top graph shows a decreasing trend where the number of people (인원) decreases over time (시간). The y-axis is labeled '인원' and the x-axis is labeled '시간'. A shaded blue area represents a range of values, bounded by a series of downward-sloping curves. The bottom graph shows an increasing trend where the number of people (인원) increases over time (시간). The y-axis is labeled '인원' and the x-axis is labeled '시간'. A shaded blue area represents a range of values, bounded by a series of upward-sloping curves.
