

The top graph shows the number of vehicles required for a group of 100 people. The y-axis is labeled '人数' (Number of People) and ranges from 0 to 100. The x-axis is labeled '台数' (Number of Vehicles) and ranges from 0 to 100. A shaded region represents the range of possible vehicle counts for a group of 100 people. The region is bounded by a horizontal line at y=100 and a diagonal line from (0, 100) to (100, 0). The region is filled with a light blue color.

The bottom graph shows the number of vehicles required for a group of 100 people. The y-axis is labeled '人数' (Number of People) and ranges from 0 to 100.
