

The top graph shows the relationship between the number of people (人数) and the number of people (人数) for different types of people (人種). The y-axis represents the number of people (人数) and the x-axis represents the number of people (人数). The graph shows several lines representing different types of people, with some lines showing a positive correlation and others showing a negative correlation.

The bottom graph shows the relationship between the number of people (人数) and the number of people (人数) for different types of people (人種). The y-axis represents the number of people (人数) and the x-axis represents the number of people (人数). The graph shows several lines representing different types of people, with some lines showing a positive correlation and others showing a negative correlation.
