

Figure 1 consists of two graphs showing the relationship between the number of people (人数) and the number of vehicles (台数) for different vehicle types (乗用車, 貨物車, トラック, バス, タクシー). The top graph shows the number of vehicles (台数) on the y-axis (0 to 100) and the number of people (人数) on the x-axis (0 to 100). The bottom graph shows the number of people (人数) on the y-axis (0 to 100) and the number of vehicles (台数) on thex-axis (0 to 100). Both graphs show a shaded area representing the range of possible values for each vehicle type.
