

The top graph shows the relationship between the number of people (人数) and the number of vehicles (台数) for different vehicle types (乗車種別) and their corresponding fare zones (料金ゾーン). The y-axis represents the number of people (人数) with values from 0 to 1000. The x-axis represents the number of vehicles (台数) with values from 0 to 10. The shaded area represents the fare zone, and the blue line represents the relationship between the number of people and the number of vehicles.

The bottom graph shows the relationship between the number of vehicles (台数) and the number of people (人数) for different vehicle types (乗車種別) and their corresponding fare zones (料金ゾーン). The y-axis represents the number of vehicles (台数) with values from 0 to 10. The x-axis represents the number of people (人数) with values from 0 to 1000. The shaded area represents the fare zone, and the blue line represents the relationship between the number of vehicles and the number of people.
