

The figure consists of two vertically stacked graphs. The top graph has 'Number of people' (人数) on the X-axis and 'Number of people who are not people' (人数でない人数) on the Y-axis. It shows a blue curve starting at the origin (0,0) and increasing, eventually leveling off. The bottom graph has 'Number of people' (人数) on the Y-axis and 'Number of people who are not people' (人数でない人数) on the X-axis. It shows a blue curve starting at the origin (0,0) and increasing, eventually leveling off. Both graphs have a grid background.
