

The figure consists of two line graphs, labeled '图 1' (Figure 1) and '图 2' (Figure 2), both showing the evolution of various indicators over time (0 to 200).

Figure 1: The Y-axis represents various indicators, including '人口' (Population), 'GDP', '人均GDP' (Per Capita GDP), '人均收入' (Per Capita Income), '人均消费' (Per Capita Consumption), '人均储蓄' (Per Capita Savings), '人均投资' (Per Capita Investment), '人均教育' (Per Capita Education), '人均医疗' (Per Capita Medical), '人均娱乐' (Per Capita Entertainment), '人均交通' (Per Capita Transportation), '人均通信' (Per Capita Communication), '人均能源' (Per Capita Energy), '人均环境' (Per Capita Environment), '人均安全' (Per Capita Security), '人均健康' (Per Capita Health), '人均幸福' (Per Capita Happiness), '人均自由' (Per Capita Freedom), '人均平等' (Per Capita Equality), '人均正义' (Per Capita Justice), '人均和平' (Per Capita Peace), '人均稳定' (Per Capita Stability), '人均繁荣' (Per Capita Prosperity), '人均文明' (Per Capita Civilization), '人均进步' (Per Capita Progress), '人均发展' (Per Capita Development), '人均创新' (Per Capita Innovation), '人均合作' (Per Capita Cooperation), '人均和谐' (Per Capita Harmony), '人均团结' (Per Capita Unity), '人均友爱' (Per Capita Friendship), '人均互助' (Per Capita Mutual Aid), '人均奉献' (Per Capita Dedication), '人均牺牲' (Per Capita Sacrifice), '人均奉献' (Per Capita Dedication), '人均牺牲' (Per Capita Sacrifice). The X-axis represents time (0 to 200). The graph shows several lines representing different indicators. Some lines show a steady increase over time, while others show a decrease. The lines are labeled with their respective indicator names.

Figure 2: The Y-axis represents various indicators, including '人口' (Population), 'GDP', '人均GDP' (Per Capita GDP), '人均收入' (Per Capita Income), '人均消费' (Per Capita Consumption), '人均储蓄' (Per Capita Savings), '人均投资' (Per Capita Investment), '人均教育' (Per Capita Education), '人均医疗' (Per Capita Medical), '人均娱乐' (Per Capita Entertainment), '人均交通' (Per Capita Transportation), '人均通信' (Per Capita Communication), '人均能源' (Per Capita Energy), '人均环境' (Per Capita Environment), '人均安全' (Per Capita Security), '人均健康' (Per Capita Health), '人均幸福' (Per Capita Happiness), '人均自由' (Per Capita Freedom), '人均平等' (Per Capita Equality), '人均正义' (Per Capita Justice), '人均和平' (Per Capita Peace), '人均稳定' (Per Capita Stability), '人均繁荣' (Per Capita Prosperity), '人均文明' (Per Capita Civilization), '人均进步' (Per Capita Progress), '人均发展' (Per Capita Development), '人均创新' (Per Capita Innovation), '人均合作' (Per Capita Cooperation), '人均和谐' (Per Capita Harmony), '人均团结' (Per Capita Unity), '人均友爱' (Per Capita Friendship), '人均互助' (Per Capita Mutual Aid), '人均奉献' (Per Capita Dedication), '人均牺牲' (Per Capita Sacrifice), '人均奉献' (Per Capita Dedication), '人均牺牲' (Per Capita Sacrifice). The X-axis represents time (0 to 200). The graph shows several lines representing different indicators. Some lines show a steady increase over time, while others show a decrease. The lines are labeled with their respective indicator names.
