

The top graph shows a decreasing trend. The y-axis is labeled '인원' (Personnel) and the x-axis is labeled '시간' (Time). The shaded area represents a range of values, and the blue line represents a specific path. The path starts at a high value on the y-axis and decreases as time increases, eventually leveling off.

The bottom graph shows an increasing trend. The y-axis is labeled '인원' (Personnel) and the x-axis is labeled '시간' (Time). The shaded area represents a range of values, and the blue line represents a specific path. The path starts at a low value on the y-axis and increases as time increases, eventually leveling off.
