

The top graph shows the relationship between the number of people (人数) on the x-axis and the number of people (人数) on the y-axis. The x-axis ranges from 0 to 100, and the y-axis ranges from 0 to 100. A blue line represents a linear relationship, and a black curve represents a quadratic relationship. The blue line starts at (0, 0) and ends at (100, 100). The black curve starts at (0, 0), reaches a maximum of 50 at x=50, and ends at (100, 0).

The bottom graph shows the relationship between the number of people (人数) on the x-axis and the number of people (人数) on the y-axis. The x-axis ranges from 0 to 100, and the y-axis ranges from 0 to 100. A blue line represents a linear relationship, starting at (0, 0) and ending at (100, 100).
