

The top graph shows the relationship between the number of people (人数) on the y-axis and the number of times (回数) on the x-axis. The y-axis is labeled with levels: LC, EC, BC, IC, OC, SC, LC, UC, UC. The x-axis is labeled with levels: LC, EC, BC, IC, OC, SC, LC, UC, UC. The graph shows a series of curves that generally decrease as the number of times increases, with the area under the curves shaded in light blue.

The bottom graph shows the relationship between the number of people (人数) on the y-axis and the number of times (回数) on the x-axis. The y-axis is labeled with levels: LC, EC, BC, IC, OC, SC, LC, UC, UC. The x-axis is labeled with levels: LC, EC, BC, IC, OC, SC, LC, UC, UC. The graph shows a series of curves that generally increase as the number of times increases, with the area under the curves shaded in light blue.
