

The top graph shows the relationship between the number of people (人数) on the x-axis and the number of vehicles (車両数) on the y-axis. The y-axis ranges from 0 to 100 in increments of 10. The x-axis ranges from 0 to 100 in increments of 10. A series of blue curves are plotted, each representing a different number of vehicles. The curves are concave down, starting at the y-axis and increasing as the number of people increases. The top curve starts at (0, 100) and ends at (100, 0). The bottom curve starts at (0, 0) and ends at (100, 0).

The bottom graph shows the relationship between the number of people (人数) on the x-axis and the number of vehicles (車両数) on the y-axis. The y-axis ranges from 0 to 100 in increments of 10. The x-axis ranges from 0 to 100 in increments of 10. A series of blue curves are plotted, each representing a different number of vehicles. The curves are concave up, starting at the y-axis and decreasing as the number of people increases. The top curve starts at (0, 100) and ends at (100, 0). The bottom curve starts at (0, 0) and ends at (100, 0).
