

The figure consists of two line graphs. The top graph has '인원수' (Number of People) on the x-axis and '인원수' (Number of People) on the y-axis. The x-axis has labels: 1, 200, 400, 600, 800, 1000, 1200, 1400. The y-axis has labels: 1, 200, 400, 600, 800, 1000, 1200. There are four lines: a horizontal line at y=1000, a line starting at (1, 1000) and decreasing to (1400, 100), a line starting at (1, 100) and increasing to (1400, 1000), and a line starting at (1, 100) and decreasing to (1400, 100). The bottom graph has '인원수' (Number of People) on the x-axis and '인원수' (Number of People) on the y-axis. The x-axis has labels: 1, 200, 400, 600, 800, 1000, 1200, 1400. The y-axis has labels: 1, 200, 400, 600, 800, 1000, 1200. There are four lines: a horizontal line at y=1000, a line starting at (1, 1000) and decreasing to (1400, 100), a line starting at (1, 100) and increasing to (1400, 1000), and a line starting at (1, 100) and decreasing to (1400, 100).
