

The top plot shows contours for '종교인' (Religious) and '종교' (Religion). The y-axis is labeled '종교인' and the x-axis is labeled '종교'. The contours are labeled with values: 10, 20, 30, 40, 50, 60, 70, 80, 90, 100. The shaded region represents the area where the response is greater than or equal to 100.
