

The top graph shows the number of people in each age group (from 0 to 100) over time (from 0 to 100). The y-axis is labeled '人数' (Number of people) and the x-axis is labeled '时间' (Time). The blue shaded area represents the range of possible outcomes, and the dark blue line represents the most likely outcome. The number of people in each age group starts at 100 at time 0 and decreases over time, with the rate of decrease increasing as time increases.

The bottom graph shows the number of people in each age group (from 0 to 100) over time (from 0 to 100). The y-axis is labeled '人数' (Number of people) and the x-axis is labeled '时间' (Time). The blue shaded area represents the range of possible outcomes, and the dark blue line represents the most likely outcome. The number of people in each age group starts at 0 at time 0 and increases over time, with the rate of increase increasing as time increases.
