

The top graph shows the relationship between the number of people (인원) on the y-axis and time (시간) on the x-axis. The y-axis ranges from 0 to 25, and the x-axis ranges from 0 to 10. Multiple curves are plotted, all starting at (0, 25) and decreasing as time increases. A shaded area is bounded by the top curve and the x-axis.

The bottom graph shows the relationship between the number of people (인원) on the y-axis and time (시간) on the x-axis. The y-axis ranges from 0 to 25, and the x-axis ranges from 0 to 10. Multiple curves are plotted, all starting at (0, 0) and increasing as time increases. A shaded area is bounded by the top curve and the x-axis.
