

The top graph shows a decreasing linear relationship between the number of people (人数) and time (時間). The y-axis is labeled '人数' and ranges from 0 to 100. The x-axis is labeled '時間' and ranges from 0 to 100. A straight line starts at (0, 100) and ends at (100, 0). Several horizontal lines are drawn at different y-values, representing constant population levels over time.
