

Figure 1 consists of two graphs. The top graph shows the relationship between the number of people (人数) on the y-axis and time (時間) on the x-axis. The y-axis ranges from 0 to 100, and the x-axis ranges from 0 to 100. A shaded area represents a range of values, starting at approximately 100 people at time 0 and decreasing to 0 people at time 100. The bottom graph shows the relationship between the number of people (人数) on the y-axis and time (時間) on the x-axis. The y-axis ranges from 0 to 100, and the x-axis ranges from 0 to 100. A shaded area represents a range of values, starting at approximately 0 people at time 0 and increasing to 100 people at time 100.
