

The top graph shows the relationship between the number of people (人数) on the y-axis and time (時間) on the x-axis. The y-axis ranges from 0 to 100 in increments of 10. The x-axis ranges from 0 to 100 in increments of 10. Multiple curves are plotted, all starting at (0, 100) and decreasing as time increases. The area between the curves is shaded light blue.
