

The top graph shows the relationship between the number of people (人数) and the number of people (人数) for a given time (時間). The x-axis represents the number of people (人数) and the y-axis represents the number of people (人数). The blue line represents a linear relationship, and the black curve represents a quadratic relationship.

The bottom graph shows the relationship between the number of people (人数) and the number of people (人数) for a given time (時間). The x-axis represents the number of people (人数) and the y-axis represents the number of people (人数). The blue line represents a linear relationship.
