

The figure consists of two vertically aligned graphs. The top graph has a vertical axis labeled '인구' (Population) and a horizontal axis labeled '노동력' (Labor Force). It shows three downward-sloping curves representing the relationship between population and labor force. The bottom graph has a vertical axis labeled '인구' (Population) and a horizontal axis labeled '노동력' (Labor Force). It shows two upward-sloping curves representing the relationship between population and labor force. The curves in both graphs are labeled with '인구' (Population) and '노동력' (Labor Force).
