

The top graph shows the relationship between the number of people (personnel) and the number of vehicles (vehicles) for 100 vehicles. The y-axis represents the number of people (personnel) from 0 to 100, and the x-axis represents the number of vehicles (vehicles) from 0 to 100. The curve starts at (0, 100) and decreases as the number of vehicles increases.

The bottom graph shows the relationship between the number of people (personnel) and the number of vehicles (vehicles) for 1000 vehicles. The y-axis represents the number of people (personnel) from 0 to 1000, and the x-axis represents the number of vehicles (vehicles) from 0 to 1000. The curve starts at (0, 1000) and decreases as the number of vehicles increases.
