

Figure 1 consists of two graphs. The top graph shows the relationship between the number of people (人数) on the y-axis and time (時間) on the x-axis. The y-axis ranges from 0 to 1000 in increments of 100. The x-axis ranges from 0 to 100 in increments of 10. Three curves are plotted, all starting at (0, 1000) and decreasing towards 0. The curves are labeled '1', '2', and '3' at their endpoints. The bottom graph shows the relationship between the number of people (人数) on the y-axis and time (時間) on the x-axis. The y-axis ranges from 0 to 1000 in increments of 100. The x-axis ranges from 0 to 100 in increments of 10. Two curves are plotted, both starting at (0, 1000) and increasing towards 1000. The curves are labeled '1' and '2' at their endpoints.
