

The top graph shows the relationship between the number of people (personnel) and the number of people (personnel) for different types of personnel. The y-axis represents the number of people (personnel) and the x-axis represents the number of people (personnel). The graph shows several curves representing different types of personnel, with some curves showing a sharp increase in the number of people (personnel) as the number of people (personnel) increases, and others showing a more gradual increase.

The bottom graph shows the relationship between the number of people (personnel) and the number of people (personnel) for different types of personnel. The y-axis represents the number of people (personnel) and the x-axis represents the number of people (personnel). The graph shows several curves representing different types of personnel, with some curves showing a sharp increase in the number of people (personnel) as the number of people (personnel) increases, and others showing a more gradual increase.
