

The top graph shows the relationship between the number of people (人数) and the number of vehicles (台数) for different vehicle types. The y-axis represents the number of people (人数) from 0 to 1000, and the x-axis represents the number of vehicles (台数) from 0 to 100. The curves show that the number of people increases with the number of vehicles, but the rate of increase is different for each vehicle type.

The bottom graph shows the relationship between the number of vehicles (台数) and the number of people (人数) for different vehicle types. The y-axis represents the number of vehicles (台数) from 0 to 100, and the x-axis represents the number of people (人数) from 0 to 100. The curves show that the number of vehicles increases with the number of people, but the rate of increase is different for each vehicle type.
